FIREPOWER

FIRE POWER MESSAGE FOR 2022 **BY CATHERINE FABIANO**

As we enter this new year of 2022... I asked the Holy Spirit what He wanted to reveal to us.

For some weeks before the New Year... very strong impressions came from the Lord. Those of us who had personally experienced the Charismatic Renewal and the Jesus Movement of the 60's, 70's into the 80's, know the life changing impact that experience had on all of us. The personal impact ...the birthing of new ministries ...worship alive and heartfelt and creative expressions of the gifts of the Holy Spirit...miracles, signs, wonders were our reality. A hunger and thirst for the Word of God launched us into deep and profound revelations and an openness to the prophetic ministry. We were learning to live the Book of Acts.

Over the last decades this powerful move of the Spirit has waned from its original intensity. It is clear we need a new outpouring. The younger generation need their own personal experience of the Baptism of Fire. As I have noticed the younger generation struggling ... I have come to realize from the Lord ...we had our Red Sea miracle ...the younger generation now needs their Jordan River miracle...their own personal experience with the Holy Spirit outpouring to launch them into this amazing new season of God's Greater Glory about to invade the earth.

The massive harvest of souls... especially focused on the young generation we are about to see breaking forth. Even now it has begun to manifest. This move of the Spirit is going to be greater than anything we have seen on the earth before. This move of the Spirit will require all of us to arise and be positioned by the Lord for our part. The Lord revealed this Generation will be known as the NOW GENERATION, through Pastor Hank Kunneman. As long as we are in the earth...we will be part of this multigenerational Kingdom Force. Those mature among us who have come through the Renewal and Jesus Movement...are being called to help lead this movement as Joshua and Caleb led the younger generation to cross the Jordan River into the promised land. The Lord is releasing a Spirit of Rejuvenation as we seek Him and receive it.

He is rejuvenating our health, strength, vitality and energy to serve as spiritual Fathers and Mothers to partner with this younger generation as they move forward in the Fire of the Holy Spirit to claim their inheritance...their Promised Land. A new breed of Fire Carriers are arising.

Together we will take the land by enforcing the victory of the cross decreeing all the Lord has done ...binding the powers of darkness and loosing the will of the Father in the earth. Aligning our hearts with the Father...and being led by the Spirit. We will ride the most wondrous GLORY WAVE of the SPIRIT the earth has ever seen. Salvations... the rebirthing of nations into the destiny the Father ordained for them. The powers of darkness being dethroned from hindering the great harvest. The end is not yet... til the "Knowledge of the Glory of the Lord covers the earth as the waters cover the sea." *Hab. 2:14*

In light of this new revelation... the Lord told me it was time to relaunch Fire Power, our original

publication, to reflect the season of war we are entering. Fire Power is both a military and spiritual title. Fire Power militarily are weapons and spiritually is it the Power of the Spirit to be more than conquerors. *Zech 4:6, 2 Cor. 10:4-5, Eph. 6:12*

The Book of Joshua is important to read and study. The land the Lord was giving them had to be fought for. We are entering a season of war. The enemy will not give up without resistance. There will be resistance...but we are warring from a place of victory and enforcing the victory of the cross as we proclaim and decree the Word of God the Holy Spirit gives us.

DEAR FRIENDS,

As Dunamis Ministries we are able to look back on the month of November which was full of events. Finally we could do seminars again in Tavannes, Switzerland, and Munich, Germany, where participants could be present. We will share some impressions and stories from both seminars.

REVIEW ON THE SEMINARS IN TAVANNES IN 2021

It's better to have two seminars instead of none!

In the spring of this year 2021 Catherine got stuck at the airport of Chicago and couldn't come to Switzerland. Then we thought that this year we probably will not have a seminar „Comprendre le développement humain“ in the French speaking part of Switzerland.

But the Lord turned the situation against the one who tried to prevent this seminar and made it possible to have two seminars in this year 2021, one in May via Zoom and one in November. Praise the Lord!

So we were very happy to welcome more than 40 participants in person from 4.-6. November and additionally about a dozen online-participants. They were an international group who came from Switzerland, France, Belgium and Germany.

Moreover we were very happy to welcome a very competent team of technicians in Tavannes which made comprehensive and updated videos of the seminar in English and French.

In Tavannes and generally in the French speaking part of Switzerland we are very thankful for this seminar and the local team is looking forward to the seminar in May 2022.

Here we have some testimonies from participants who experienced the gentle and powerful touch of the heavenly Father.

GETTING A STEP FURTHER IN YOUR LIFE AS AN ADULT

During this seminar I could experience a unique time with God my Father. He spoke to me and said that I am wanted and planned by Him and that I am not a mistake. Many things came into the light and were healed.

It was such an enriching and pleasant time that I want to encourage everyone to go this path of healing in order to get a step further in your life as an adult.

HE CAME TO FIND ME ... NOW I'M NOT THE SAME ANY MORE ...

In every ministry time the presence of God filled the room. Then it also filled my heart.

God was there to comfort me ... yes, I had suffered enough. He was there to calm me down ... I am allowed to ask all questions that I want to ask, trying to understand, to discover. I am free! He also was there to affirm me where I didn't expect it ... yes, I have the right to express my anger.

He filled me with His love, the love of the Father. He uncovered relationships which shaped me into the person I am now. He changed my view. He touched my heart. Today I want to thank him that he came to find me there where I was, there where I stood.

I also want to thank him that my husband was also able to take part in this seminar and today he says, that he is not the same any more.

Glory to God! May He reign in us!

NOTHING IS IMPOSSIBLE FOR GOD!

There is a Japanese art Kintsugi (golden seam), which is a method to repair broken porcelain with gold. The vase is getting back its original form. The cracks are changed into gold, everything is smooth and even nicer. The vase can readopt its original purpose.

At the beginning of the year our lives and our marriage were broken. But God did the same thing with our hearts. He healed our wounds, God has changed them with his gold. They are part of our testimony but they are not painful any more. Like this we are getting fully back our identity and our callings for our life.

The seminar was an important step in this restoration process. Surely we will need more healing for certain aspects of our

Testimonies ... in their own words

character and our thoughts. God showed us the roots of our wounds and he continued to restore our hearts.

Priscille: In spite of all my hurting experiences I realized that God wanted my life, He was always with me. He gave me the courage to let go so that with the help of the Holy Spirit I could extract the roots.

Nathanaël: God healed me from a disease that psychologists consider incurable. He showed me that He loved me in spite of my wickedness and that He wants to heal me, so that I can become a new person who is able to love. With God nothing is impossible for those who humble themselves and repent.

SKEPTICAL, AT ROCK BOTTOM IN OUR RELATIONSHIP AFTER SOME TURBULENT WEEKS ...

We have been married for more than 45 years, we are parents and grandparents and belong to those Christians, whose family and married life always has been complicated, full of obstacles and hampered by unsolvable problems.

Even though we looked for help again and again, we had only managed to find brief periods of calmer, more peaceful life and then the problems came back accompanied by misunderstandings, tensions and tears ...

About two years ago God brought Christian and Fabienne Sollberger into our life. As

attentive, benevolent and patient coaches as they were, they understood that our rollercoaster probably is the result of old and deep roots. Therefore they suggested that we should register for the seminar "Healing the **Past, Releasing Your Future**".

We were skeptical, at rock bottom in our relationship after some turbulent weeks, probably in the middle of a spiritual battle, we became participants in this seminar almost unintentionally.

But God was with us!

Bit by bit – while we were learning about the human development and were ministered to in prayer – God's spirit brought light into the situations that created a network of bondages in a timespan of three generations that hampered our life with God, our marriage and our family.

In these times of prayer ministry we received healing of each of these wounds through the Spirit first individually and later corporately. It was also helpful to have the whole team supporting this time with their unobtrusive and pleasant presence.

Since that time several weeks have passed and we are enjoying every day and are very thankful for this new lifetime that God is giving us, freed from generational bondages and working with Him to restore hurting relationships.

MY NAME IS VANESSA. I WAS AT THE SEMINAR IN TAVANNES IN NOVEMBER VIA ZOOM.

On the last day of the seminar I gave a short testimony via ZOOM about my fear of being defenseless and that Jesus showed me in the ministry time that He was with me and that I could also break this generational curse of seeing nothing, hearing nothing and saying nothing.

But today after the event, after I put my son to bed and thanked God in praise for the days and insights, He revealed Himself to me again. I am faithful, He told me. He has reminded me of His covenant with me. He showed me how He was and is faithful. And when I accepted this truth for myself, I found my heavenly Father.

I didn't know that I was His daughter. His beloved daughter. But now I have experienced my Father in Heaven and I know who I am. And that I am understood by Him because He made me.

I really want to say a big thank you for this event and all the technical possibilities you made come true for us. Also the woman who so tirelessly and constantly translated EVERYTHING for us. I mean that was not little and not short!!! Thank you!

I pray that you have more opportunities from God to expand His Kingdom and help so many people be closer to God!

Thank you.

Love greetings Vanessa

THOUGHTS & EXPERIENCES OF CHRISTIAN & FABIENNE SOLLBERGER

To work for the healing and restoration of people is an adventure in which one can experience wonderful treasures. Two days before writing these lines, we, Fabienne and Christian, received the following message:

"Tomorrow we will have the opportunity to testify in our local church about our new stage of life as a married couple. We will have the opportunity to promote the seminar in Tavannes in May."

This testimony seems harmless. It is not, knowing that two and a half years earlier, in the parking lot in front of the church, a spouse of this couple told us about the

forty years of desert in the lives of her husband and herself. Separation and divorce were imminent. Visiting several therapists and pastors had brought no contribution or improvement in their lives.

The roots of the hurts were neither addressed nor healed. Attempts at healing and improvement focused only on the consequences or symptoms of the actual hurts.

When individuals or couples, regardless of the complex and painful situation in which they find themselves, ask us for pastoral care, we consider the request in our prayers.

If appropriate, we respond with a yes and add simply and convincingly, "**The Healing the Past, Releasing Your Future**" Seminar is an integral part of our accompaniment. Here are the dates for the next seminar!"

Because our experience and conviction is proven that when the roots of childhood are brought to light and healed **by Jesus and the power of the Holy Spirit**, the impossibility no longer exists.

This is wonderful and powerful.

REVIEW ON THE SEMINAR IN MUNICH 19-20. NOVEMBER 2021

After the seminar “**Healing the Past, Releasing Your Future**” in Munich in the Evangeliumszentrum had to be postponed twice because of Covid, it could finally take place in the middle of November on the third attempt.

The participants came from different parts of Germany (among others from Cologne, Frankfurt, Stuttgart) but also from Munich and the surrounding area to the Evangeliumszentrum in Munich.

42 young people, adults and elderly people experienced together on Friday evening and Saturday an interesting and beneficial seminar.

Catherine Fabiano showed how God, in His love for us, heals our wounds at every stage of development and gives us a new identity in Him. During the ministry times, the participants experienced deep healings, revelations about God as our Father and received a new foundation for a healthy human development.

Two kindergarten leaders reported that they received a lot of new inspiration for their daily work with children in the semi-

nar. They decided to increasingly incorporate this healthy approach to human development into their everyday work.

On Sunday Catherine preached in the Evangeliumszentrum in Munich and encouraged us to stand up and shine in a world full of darkness.

Now, some days after the seminar, the leadership is excited, that Catherine and Team will come back to Munich in April 2022 and deepen what the Holy Spirit started to do.

REPORT FROM THE MINI-TIMMI - KINDERGARTEN IN MUNICH

Even though we have already participated in the **Healing the Past, Releasing Your Future** Seminar several times, there are always new points where God touches us or makes us aware of what we have already heard.

We have been working in the children’s area in Munich for many years and use tips and hints from the seminars every day.

Working with children brings new challenges every day. Healing the Past, Releasing Your Future has taught us how important it is to

approach each child individually and that certain behavior patterns can also have a different cause. For example, a child had a very traumatic experience at another daycare.

center and did not want to stay without parents anymore. He cried a lot and clung to his caregiver.

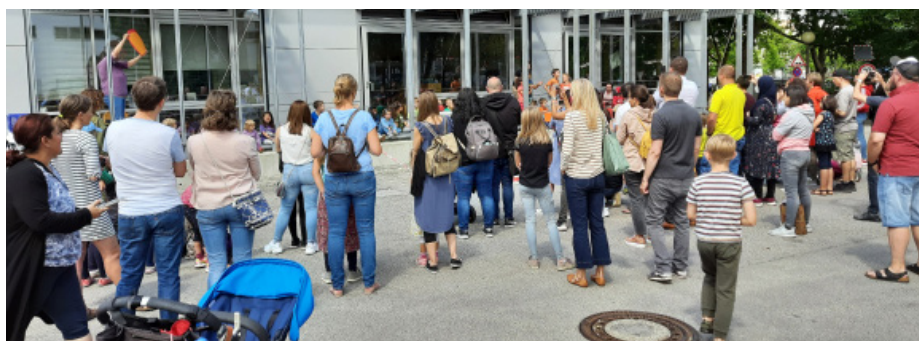

In this situation, after, the Healing the Past, Releasing Your Future Seminar we were able to support the parents in consciously inviting Jesus into this traumatic situation with the child. When he could see that Jesus was with him when he felt abandoned, his whole behavior changed from one day to the next.

In addition, we use the educational method presented in the seminar (the corner) as an aid to promote **children in independent thinking and problem solving and learning right choices and behaviors.**

We experience it as very effective and helpful. In our experience, after a very short time the children begin to use the corner self-motivated to calmly come to their own decision. Each time, we are surprised by the rapid change in behavior brought about by this tool.

SURABAYA, INDONESIA

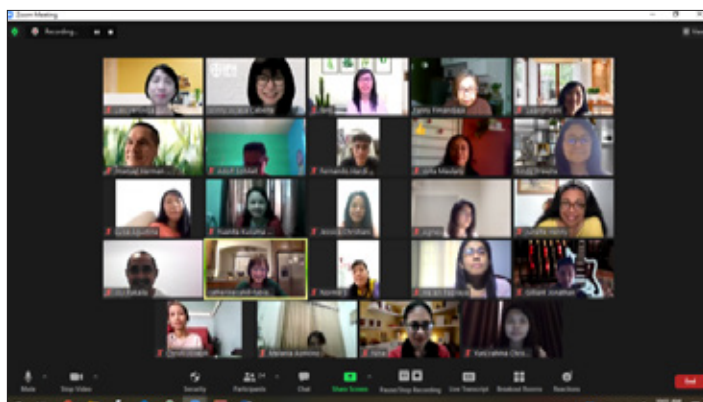

Traveling to Indonesia was not possible, COVID lockdowns were firmly in place in Indonesia and restrictions in the USA for overseas travel. When we prayed the IPH team had a clear word from the Lord to continue the Training via ZOOM in shorter sessions over the whole year. So we did and the Holy Spirit was so faithful. We had very powerful times of teaching and discussions and deep healings in the lives of the interns. The breakthroughs in personal struggles and the best was the reports of healing testimonies as the interns ministered to others.

The Lord was so faithful and the interns were very encouraged. The ministry teams overseeing the interns did so well. They are really taking their place of leadership.

SINGAPORE

Singapore Training was completed last year and I now minister by themes of need from time to time. I am also committed to supporting the ministry team leaders there and we have regular prayer times together to share and pray for the new direction the

Lord is taking them. Boon Chiau and Rebecca Quek are very gifted leaders overseeing the ongoing development of the Prayer Ministers.

EUROPE AND ASIA

At the same time, Catherine Fabiano remained connected with all the ministries in Europe and Asia with which Dunamis Ministries collaborates. In sharing, prayer ministry and with coaching via ZOOM, the support started for leaders via ZOOM was continued.
